

## **Menu for Justice Project - MFJ**

With financial support from the Lifelong Learning Programme  
European Commission – Education and Culture DG

### **Workshop “Building Blocks for Legal and Judicial Training”**

**29-30 March 2012**

**Venue:  
Department of Political Science  
University of Bologna  
Via dei Bersaglieri 6/c  
Bologna**

The aim of this Workshop, organized by the Research Institute on Judicial Systems of the National Research Council of Italy (IRSiG-CNR), is to develop a debate among the partners of the *Menu for Justice* project and the selected guests on the new contents and subjects which are needed to integrate legal and judicial training programmes.

The results of this Workshop, Workpackage no. 4 of the *Menu for Justice* project, will constitute the basis to develop the Training and Education Assessment Tool (TEAT), one of the deliverables of the project.

Throughout the ideas, opinions and recommendations that will arise during the Workshop, the participants will contribute to the development of a Reference Tool, helping Countries to identify key factors that they need to consider in assessing their current judicial training programme, future judicial training needs, and the most effective means of delivering judicial training.

The Workshop would like to be an open minded exchange of information and ideas, sparked off by the guest speakers.
